

## Tax Credit 1098-T Information

The 1098-T form is provided to help students and parents determine eligibility for an American Opportunity Tax Credit or a Lifetime Learning Credit, and it should not be used to calculate taxable income.

- Please refer to [IRS Publication 970, Chapter 9](#) for further information on eligibility
- Please refer to [IRS Publication 970, Chapter 1](#) for further information on scholarships, fellowship grants, grants, and tuition reductions
- Please also refer to IRS Form 8863 for calculating the education tax credits that a taxpayer may claim as part of your tax return.

1098-T tax information is provided to the LRSC student online through their student Campus Connection account. Information or questions relating to the information on the 1098-T will only be provided or discussed with the student.

LRSC may not provide tax advice. For questions on how to use the 1098-T, please consult your tax advisor or see the IRS Publication 970 and IRS Form 8863.

Per IRS regulations, LRSC makes 1098-T information available to students by January 31st of each year for the previous calendar year.

Please note, as mandated by the Internal Revenue Service, effective the 2018 calendar year, Lake Region State College changed the reporting method on 1098-T forms, to report amounts paid (Box 1) for qualified tuition and related expenses in the calendar year, rather than amounts billed (Box 2). Please consult your tax professional if you have questions about this change. LRSC Student Finance is unable to provide tax advice to students and families.

## Explanation of Form 1098-T

Unlike the W-2, which is an income statement, the 1098-T is a Tuition Statement. Its main purpose is to be used to figure out if the student qualifies for educational tax credits. It is not intended to reflect a statement of taxable income. It is not required to be filed with tax return forms. The 1098-T reports on all financial transactions occurred during a calendar year, not academic year.

Educational tax credits are defined as all Qualified Tuition and Related Expenses (QTRE) and they include:

**Box 1:** This box reports the total amount paid in the calendar year equivalent to the total qualified tuition and related fee expenses less any qualified waivers. This includes any type of payment made on the student account (i.e. Personal payment, Financial Aid loans, grants, scholarships, Third Party and 529 Trust payments).

**Box 2:** Not used per IRS, effective calendar year 2018.

**Box 4:** This box reports any reduction made during the calendar year to qualified tuition and related fees reported in Box 1 on a prior year Form 1098-T. This amount may reduce any allowable education credit claimed for the prior year.

**Box 5:** This box reports the total of all scholarships, grants, or additional third-party billings administered and processed through LRSC. The amount of scholarships or grants for the calendar year may reduce the amount of any allowable tuition and fees deduction or education credit that is claimed for the year. Scholarships and grants generally include all payments received from a third party (excluding personal family members and loan proceeds). This includes payments received from governmental and private entities such as the Department of Defense, Department of Veterans Affairs, civic, religious, and nonprofit entities.

**Box 6:** This box reports any reduction made during the calendar year to scholarships or grants on a prior year Form 1098-T. This amount may affect the amount of any allowable tuition and fees deduction or the education credit you may claim for the prior year.

**Box 8:** This box reports whether the student was considered to be carrying at least one-half the normal full-time workload for your course of study at LRSC. If the student is at least a one-half time student for one academic period that begins during the year, the box will be checked.

**Box 9:** This box reports whether the student is enrolled in a program leading to a graduate degree, graduate-level certificate, or other recognized graduate-level educational credential.
