UNIV 101 Introduction to College Life

First-year, degree-seeking students are advised to take UNIV 101 Introduction to College Life. The goal of UNIV 101 is to help students improve their academic skills to make their college experience more enjoyable as well as more productive. Course objectives include: promoting a smooth transition to college life, developing the skills necessary to maximize academic performance, gaining an understanding of responsibilities as a student, better understanding the financial, social, and academic aspects of college, and exploring academic, co-curricular, and career options.

Strategic Goal

To use UNIV 101 as an intervention strategy to increase the retention and graduation rates of first-year students.

Outcome Measure

The outcomes identified to measure the success of this goal are to: (1) increase the percentage of first-year students who enroll in UNIV 101; (2) increase the fall-to-fall retention rate of students enrolled in UNIV 101; and (3) increase the 150% graduation rate of students enrolled in UNIV 101.

Assessment Measures

The Director of Academic affairs will track the first-year students enrolled in UNIV 101 and calculate the fall-to-fall retention rate and 150% graduation rate. This tracking will be completed every fall semester after official census data is available and after the history tape for summer graduates has been run.
