Not sure what you need?
Browse the Services Catalog or use the Request Help option if you can’t find what you’re looking for through your personalized channels.

That’s it. Simple for you. Powerful for your future.
Set up your Profile

Begin by setting up your student profile. Your profile lets instructors and advisors know who you are and how to contact you. It also gives you control over how you wish to receive emails.

1. Click your name in the top right corner of your Home page to open your profile.

From here, you can customize your profile by uploading a photo, setting appointment reminders, and adding a secondary email address for receiving Starfish emails (e.g. your mobile phone).

To have Starfish emails sent to your mobile phone (in addition to sending to your primary institutional email address):

- Enter the email address of your mobile phone in the Alternate Email field. This address will be a combination of your phone number plus carrier information. Click the more information icon (🔍) for a list of common carriers and email address formats:
- Click the Both radio button associated with “Send my correspondence to”.

2. Once you have made your desired changes to your profile, click the Submit button to save your updates.
