

College for Kids

Great Adventures for Kids

Grades K-5

June 24–27, 2019

What is College for Kids?

College for Kids is a fun, enriching program, that challenges kids to use their imaginations, ask questions, think creatively, experiment, meet new friends, and experience a taste of college. The courses are designed to be fun and educational. They will be challenging classes with no homework or grades given.

Who can attend?

Kids who have *completed* grades Kindergarten through Fifth and their skill levels, interests, maturity, and self-reliance are at a level to enjoy a challenging experience.

Coordinated by
Center for Distance Education and Outreach Services

College for Kids

Program Structure

The program will run Monday through Thursday, June 24—27, 2019.

Sessions start promptly; session one: 12:55-2:10 pm; session two: 2:15-3:30 pm; and session three: 3:50-5:05 pm.

Monday: check-in 12:00-12:45 pm OR at your first session.

Students are divided into classes by grade completed; Grades K-1-2 or Grades 3-4-5.

They can choose to attend 1, 2, or all 3 sessions.

There will be no supervision after 5:15 pm. Kids, you are responsible for your behavior on campus, and your parents are responsible for your ride both to and from Lake Region State College.

Registration

Online registration begins on Wednesday, May 1, 2019 at Noon. No phone registrations.

Go to: <https://www.lrsc.edu/collegeforkids>

For each session select a **first and second choice** for each time slot on the schedule for your grade level completed. Please be careful to select the correct session and grade completed when registering your kid(s). Registrations will be processed on a first come, first served basis...so register early! Class sizes are limited to 12 students unless noted otherwise.

If you require auxiliary service aid or have food allergies, please notify us when you register.

Fees

Fees are \$25.00 per class session per student. Full payment is due while registering.

Supplies are included in the class fee unless noted otherwise.

There is an additional required supply fee of \$5.00 for the American Girl, Crafts, Pokemon, Recycled Crafts and Robotics sessions. The supply fee payment is due while registering.

Scholarships are available for qualified families. Inquire and register in-person at Lake Region State College.

Refund/Cancellation Policy

LRSC has adopted a **NO REFUND** policy for all sessions unless the session is **cancelled due to low enrollment**.

The student will then be placed in his/her second choice. If no second choice is indicated or the second choice is not available, we strive to place each student in an acceptable choice. Parents will be contacted by phone or email when a class is cancelled.

College for Kids Showcase

Thursday, June 27, from 5:00-6:00 pm in the LRSC dining room.

Students and families are invited!

Magic Trick, Cheer and Let's Dance group performances, a video of the week will be shown, showcase of student projects and a light supper.

Come and go as you please!

College for Kids Showcase Event sponsored by Ramsey County Farmers Union

Class Descriptions

Boys Basketball Fundamentals

LRSC Players

Students will focus on basketball fundamentals, do some exhibitions and on the last day they will play games.

Proper footwear is required.

Coding with Sphero Balls

Susan Olson

Students will learn how to program Sphero Balls to follow a course, change color, and talk.

Crafts

Katelyn Procopio **Additional \$5 cost for supplies**

Learning different crafts that are commonly found at an overnight camp such as tie dying and friendship bracelets. **Supplies: Bring one each 100% cotton white t-shirt & white pair of socks.**

Creating your Favorite Slide Shows

Heidi Schneider

Would you like to create a slide show with sound and animated picture? This is the class for you!

Every Child Is An Artist

Rochelle Aronson and Allyssa Flom

You will use your creative side by painting recycled items, making a melted crayon canvas picture, suncatchers and more!! You will get to explore a variety of ways to use your imagination and talent for your master piece!!

Firefighter Academy

Matt Berg

Learn what it is like to be a firefighter with physical training, practicing fire safety and working together as a team.

Fit Kids

Stacey Rolland

Fitness will be FUN in this class. We will be using a variety of fitness games to keep you moving!

Wear appropriate clothing and footwear. Bring your swimsuit or a change of clothes for the last day.

Fun in the Sun

Cindy Jacobson and Aimee Lacroix

Come enjoy multiple games and activities while exploring the outdoors using our minds and bodies! We will create a mini golf course as well as explore other team building games, and end the week with a splash of water fun (on the last day of class, weather permitting). **Wear appropriate clothing and footwear. Bring your swimsuit or a change of clothes for the last day.**

Fun with Science

Shelby Boucher

We will be exploring the scientific method through a variety of experiments. Each day will bring a new hands-on experiment which will include marshmallow towers, magic milk, fingerprint detective, and slime.

Girls Basketball Fundamentals

LRSC Players

Students will focus on basketball fundamentals, do some exhibitions and on the last day they will play games.

Proper footwear is required.

I've Got the Magic in Me!

Patti Kerlin

We will be making and learning to perform magic tricks. (will be making: cape, magic wand, and 2-3 tricks as time allows)

Junior Crime Scene Investigators

Becky Everding and Jordan Holtz

Have you wanted to be a detective and solve a crime? Learn how detectives use different evidence to solve crimes! Fun and exciting hands on activities such as fingerprinting, decoding secret messages and even solving a mystery!

Junior Police Academy

John Maritato

A police academy for kids. You will participate in physical fitness, fingerprinting, firearms safety and defensive tactics, learn about laws and meet local law enforcement in this four day academy, plus much more.

Let's Dance

Madison Wood, Emily Eback & Alexis Lehmann

Bring your dance talents to the floor with 3 local dance instructors. We will be teaching new routines, skills, and playing tons of games. Teams will all get the chance to perform their new routines at the Showcase. We look forward to having you all. Let's Dance! **Wear comfortable clothes and dance or tennis shoes.**

Nurse Camp Hand Washing and Dental Hygiene

Andrea Jorgenson and Meghan Jorgenson

Nurse Camp students will learn about how washing hands and dental hygiene play a role in staying healthy. This session will allow for students to do hands-on activities and learn about how nurses play a role in hand washing.

Class Descriptions

Nurse Camp Sun and Water Safety

Andrea Jorgenson and Meghan Jorgenson

Nurse Camp students will learn about how to stay safe in the sun and water. This session will allow for students to do hands-on activities in "Sun and Water Safety".

Nurse Camp Human Anatomy

Andrea Jorgenson and Meghan Jorgenson

Nurse Camp students will learn about how the human body works and what nurses do. This session will allow for students to do hands-on activities in "First Aid" and "Nursing Skills".

Nutritional Snacks

Kim Daniels

Demonstrate easy and Fun and Nutritional Snacks for children.

Recycled Crafts

Katelyn Procopio **Additional \$5 cost for supplies**

Learning how to use recycled items from home to turn into crafts. Examples: bird feeders and used 100% cotton white t-shirt, white polo shirt, white socks, used white apron, or white canvas shoes. **Supplies: Bring two used white items from the examples for your projects.**

Recycled Treasures:

American Girl in the Kitchen

Shaun Prince **Additional \$5 cost for supplies**

Does your doll love to cook? Each day this class will use recycled materials to make play food for your doll to enjoy.

Recycled Treasures:

American Girl Plays Pretend

Shaun Prince **Additional \$5 cost for supplies**

Does your doll dream of being a doctor, nurse, gardener, teacher or something totally different like a park ranger? Each day this class will create things using recycled materials, that your doll can use to work at these different jobs.

Recycled Treasures:

Pokemon

Shaun Prince **Additional \$5 cost for supplies**

Do you love to play Pokemon? Each day, this class will help you make fun Pokemon projects using recycled materials.

Recycled Treasures:

Robotics

Brenda Zinke **Additional \$5 cost for supplies**

Build your own workable mini robot from recyclables to take home, and learn how to train a robot through a series of mazes. Learn about electricity and physics involved in building robots.

Safe Cyberspace Surfing

Heidi Schneider

Learn about surfing the Internet safely. Finding fun-filled games. Learn about E-safely terms.

Unlimited Cheer!

Haylie Wiberg

This course will help your child learn basic cheerleading skills including motions, jumps, stunts, and a little tumbling. We will work on dancing and have a blast putting together a little routine. Each child will learn the importance of hard work and teamwork.

Weather Investigators

Shelby Boucher

The weather investigators will learn how to create their own instruments to explore weather. A study of clouds and kite making will also be incorporated into the investigations.
