

Rotary Club of Devils Lake Scholarship Endowment

The Rotary Club of Devils Lake established an endowment in memory of past and departed Rotarians. This fits nicely with the Rotarian motto—"Service above self."

Rotary clubs nationwide are committed to community development programs addressing many of today's most critical issues ... hunger, health care, the environment, and literacy. They also focus on young people, and this is why this scholarship is so fitting.

Most programs Rotary clubs undertake are designed to promote high ethical standards in the workplace and to help young people and others become and remain productive members of society.

The Rotary Club of Devils Lake annually supports fourteen local programs and organizations, including Boys and Girls State; the city beautification flower basket project; Devils Lake High School track and field; Prairie View Park; Polio Plus; the annual Rotary track meet, the longest-running track meet in North Dakota; and now proudly the Community College Foundation Endowed Scholarship Program.

The Rotary Club of Devils Lake Scholarship will be awarded annually to an exemplary student from the Lake Region area. •
