

# Royals Athletics Endowment

**T**his is one of the Community College Foundation's oldest endowments built to support Royals Athletics at Lake Region State College. Each season, varsity basketball, volleyball, softball, and baseball programs field competitive teams that earn respect throughout the NJCAA. The coaching staff works hard to identify and recruit athletes who show promise not only on the field/court, but in the classroom, as well.

Students who earn spots on Royals teams are expected to be leaders on campus and to be individuals who represent our community well as they transfer to universities and move into careers. Every year, proceeds from this endowment are awarded to exemplary athletes representing Lake Region State College. ■
