Disclosure Form

The Paramedic to Nurse Bridge Program requires that all applicants provide information concerning any past felony or misdemeanor records.

Past convictions of a felony or misdemeanor would not necessarily prevent an applicant from being accepted into the program. However, failure to provide information concerning such conviction would warrant dismissal if the information were later revealed, thus indicating that the applicant had falsified this form.

Note: The Dakota Nursing Program requires FBI background checks with fingerprints before you are fully admitted to the program. It has been our experience that occasionally, applicants with a criminal history have been told by their attorney that their records have been expunged. We have been able to see that history on the FBI background check and students have been denied acceptance depending on the offense and the fact that they did not disclose it. Please be sure to disclose all information requested below.

Please complete, sign, and submit this form as part of your application to the Paramedic to Nurse Bridge Program.

1. Have you ever been arrested (outcome was either dismissal, deferral, or conviction) of a felony, a misdemeanor, traffic violation or appeared in court for anything?

Yes _____ No _____

2. Have you ever been subject to limitation, suspension or termination of your right to practice in a health care occupation or voluntarily surrendered a health care licensure to The National Registry in Emergency Medicine or the Department of Health DEMST Licensing Agency in any state?

If you answered yes to any of the above questions, please explain the issue(s) and/or disciplinary action(s). Please use a separate sheet of paper and attach it to this form.

My signature below certifies that to the best of my knowledge the information above is true and complete. I understand that if the background check is found to be other than stated above, it is sufficient cause for rejection of my application or dismissal from the program. I give permission to release this information and information received on my background check to affiliated nursing practice agencies.
