

BUSINESS ADMINISTRATION

SUBPLAN: ACCOUNTING

63 credit Associate in Arts

THE PROGRAM

Professionals working in accounting and business administration must be able to process and accurately interpret large volumes of financial information. Lake Region State College's Accounting and Business Administration program combines the two closely linked fields to provide students with a broad understanding of finance, management, and marketing. This curriculum is designed for students who plan to earn a two-year degree and enter the workforce, or who plan to work toward a baccalaureate degree in business administration or accounting. It provides the broad background required, as well as the beginning courses in the specialty.

CHOOSE YOUR PATH

If you want to enter a 4-year college or university after LRSC, you should do your research.

- Gather catalogs from your 4-year choice schools.
- You and your advisor can create a course plan.
- Work with your advisor to meet prerequisites with your electives for the AA or AS degree.
- Check with Student Services about transfer agreements LRSC has with your 4-year choice.

Are you considering a bachelor's degree? LRSC and Mayville State University have an articulation agreement to help students make a smooth transition into MaSU's BAS degree. Talk to your academic advisor for more information about program requirements.

Most universities across the country are considered "transfer-friendly" especially within the North Dakota University System (NDUS):

- AA degrees are commonly accepted in place of specific first and second year core requirements.
- GER - All first and second year (100 & 200 level) general education requirements have common names and numbers throughout the NDUS.
- We want to eliminate the chance of confusion about course equivalence.

ADVISORS/TRiO & PowerSkills

Knowledgeable advisors will help you create a class schedule and choose electives to build strong foundations for upper division coursework and to meet transfer requirements.

TRiO & PowerSkills is an **advising, tutoring, and proctoring resource for everyone**, as well as disability services.

TIPS FOR STUDENT SUCCESS

1. SCHEDULE TIME WITH YOUR ADVISOR immediately after term schedules is published to choose courses for upcoming semesters. Your advisor will help you select courses that meet core requirements.

2. SAVE MONEY BY CARRYING A HEAVIER COURSE LOAD. Discuss with your advisor if a heavy course load works for you and your schedule. (Tuition & fees cap at 12 and 16, respectively. Other fees may apply and online courses are not included.)

3. GET YOUR APPLICATION IN EARLY. To qualify for entry into the Peace Officer Training Program, candidates must complete the program's application process which includes an extensive background check, and a physical and psychological exam.

4. GET RELEVANT WORK EXPERIENCE by participating in LRSC's Cooperative Education program to gain valuable hands-on work experience.

5. ENHANCE YOUR LEARNING EXPERIENCE by participating in the Distributive Education Clubs of America (DECA). Marketing students are encouraged to join the Lake Region State College DECA chapter. DECA focuses on developing a greater understanding and appreciation of marketing and distribution. It is a national organization for college students preparing for careers in marketing, management, and entrepreneurship.

TRANSFER-FRIENDLY

The Business Administration program is perfect for students with the expectation of entering a baccalaureate college or for students who plan to earn a two-year associate degree in one of these concentrations: Accounting, Marketing, and/or Management.
